**ORDER SHEET**

Office Note	Order No.	Date	Order
	1.	19/09/2024	<p>The complaint would relate to a pathology report of Acetyl Choline Receptor Binding Antibody.</p> <p>According to the complainant, doctor under whom the patient was undergoing treatment, was not happy with the report as the exact result was not given. However, once this was pointed out to the Pathological Laboratory they retested the sample free of cost and gave the desired report.</p> <p>Our esteemed member Dr. Maitrayee Banerjee is of the opinion, misunderstanding arose due to the fact that the laboratory should have taken the history of the patient before hand and then go for the testing that could have solved the issue.</p>

The laboratory should take note of such observation.

We do not wish to interfere.

The complaint is disposed of accordingly.
