**ORDER SHEET**

Office Note	Order No.	Date	Order
	1.	14/05/2025	<p>This complaint would relate to post surgical complication.</p> <p>According to our esteemed medical members, negligence on the part of the surgeon is apparent who misread the USG report.</p> <p>The USG report would reveal, there was no calculus in the gallbladder. Yet, the concerned surgeon, in his prescription dated February 17, 2024, observed the existence of the calculus and suggested lapcoli to be done. On such advice, the patient was admitted and surgery was done.</p> <p>The patient was in fact suffering from carcinoma in</p>

the bile duct. The surgeon ignored that despite hint given in the USG report itself.

Issue is outside our domain. It would be fit and proper, the West Bengal Medical Council would go into the issue and bring it to a logical conclusion.

The complainant would be at liberty to approach the West Bengal Medical Council on that score. If he is successful therein he would be at liberty to approach us afresh for appropriate relief.

The complaint is disposed of accordingly.
