**ORDER SHEET**

Office Note	Order No.	Date	Order
	1.	19/09/2025	<p>The compliant would relate to hospital negligence as their pathological reports and USG report would vary when the patient was taken to another set-up outside the State.</p> <p>So far USG report is concerned, Dr. Howladar, HOD, IPGMER, Radiology, present online as expert, would make it clear that there is no significant difference in both the reports and the first report can not be blamed for any irregularity.</p> <p>So far Pathological reports are concerned, our esteemed medical members Dr. Sukumar Mukherjee and Dr. Maitrayee Banerjee are unanimous of the view that</p>

the discrepancy, if any, would hardly change the actual situation particularly, when the complainant would make it clear that the patient did not have the medicine prescribed by the Doctor after the first report. The complainant would also clarify that the date of investigation has been wrongly given. The first one was done on June 16, 2025 whereas the second one was on June 24, 2025 with a gap of eight days.

The difference in TSH value with a gap of eight days, is little bit abnormal according to our medical members however, this has not caused any harm to the patient particularly when we find that the patient, despite being prescribed, did not take medicine yet, got cured.

We do not find any scope to interfere.

The complaint is disposed of accordingly.
