**Mr. Ankit Agarwal..... Complainant**

vs

**ILS Hospital, Saltlake.....Respondent/ Respondents**

**ORDER SHEET**

Office Note	Order No.	Date	Order
	1.	18/03/2026	<p>The complaint would relate to hospital negligence.</p> <p>According to the complainant, the new born baby was advised to have C-PAP support however, the hospital, while giving C-PAP support unusually increased the pressure that caused lung injury to the new born.</p> <p>On our request, Dr. Apurva Ghosh, well known Paediatrician, has evaluated the medical records. He is unwell hence, Dr. Keya Ghosh is present representing Dr. Apurva Ghosh.</p>

According to Dr. Ghosh, the estimated date of delivery was January 2, 2026 whereas LUCS delivery was done on December 8, 2025. New born might have some respiratory problem for which the baby was given C-PAP support. It is a known complication.

The complainant would however contend, at the time of delivery Doctor clearly reported that the patient had problem. The patient was thus transferred to higher set-up where new born was found to be having pneumothorax however, that was taken care of by the second establishment.

We do not find any scope of interference.

The complaint is disposed of accordingly.
