| | 2. | 19/03/2019 | <p>We have heard the parties. It is unfortunate, petitioner would complain medical negligence at two stages. Initially the patient was treated at Durgapur City Hospital and subsequently the patient was transferred to Mission Hospital. We are prima facie of the view, the allegation made by the petitioner indicates medical negligence on part of the doctors treating the patient at both the hospitals. We permit the petitioner to approach the West Bengal Medical Council as against the treating doctors and in case the Medical Council decides on the issues and petitioner still feels, there would be some negligence on the part of the Clinical Establishment they would be free to approach us again. At present we do not find any specific complain as against the clinical establishment. The case is thus disposed of.</p> <p>Sd/- The Hon'ble Chairperson</p> <p>Sd/- Smt.
