ORDER SHEET

Office Note	Order No.	Date	Order
	1.	17/05/2019	<p>We have heard the matter on the last occasion when we asked the parties to file respective affidavits. Affidavits have been filed. Today, we have heard the parties at length. To us, it is a case of medical negligence that should be appropriately dealt with by an appropriate authority, namely the West Bengal Medical Council. The petitioner states, they approached the clinical establishment for the patient's treatment. They did not select the Doctors. They did not have any idea about their expertise. It was the clinical establishment that took care of the patient after admission and the Doctors under their payroll treated the patient that caused mistreatment and ultimately causing death of the patient.</p> <p>We would feel, the petitioner may approach the West Bengal Medical Council with their grievances. Once the Medical Council would come to a logical conclusion, the petitioners would be at liberty to approach us again if, occasions so arises in future. Complaint is disposed of.</p>

Office to communicate this order to both the parties.
