vs

Green View Clinic Pvt. Ltd..... Respondent/ Respondents

**ORDER SHEET**

Office Note	Order No.	Date	Order
	1.	27/05/2019	<p>We have heard the parties at length. The patient was having stone in gallbladder that was taken to ultrasound investigation. The patient approached the clinical establishment with apparent abdominal pain. The clinical establishment got the surgery done through its surgeon which was successful. However, there was post operative complication that resulted in subsequent surgery that was unsuccessful. Our medical experts in the panel, interacted with the surgeon who operated the patient for the first time. We have also considered the medical records, the petitioner is candid enough to say, he has no definite complaint as against the clinical establishment. In our view, the complaint would relate to medical negligence that should be within the domain of the West Bengal Medical Council.</p> <p>We refer the issue to the West Bengal Medical Council for their adjudication.</p> <p>We grant liberty to the petitioner to approach us again after disposal of the complaint by the Medical Council, if occasion so arises.</p> <p>Complaint is disposed of at our end.</p> <p>Office to communicate this order to both the parties.</p>
