ORDER SHEET

Office Note	Order No.	Date	Order
	1.	17/05/2019	<p>We have heard the parties at length. We are unanimous of the view, it was a case of surgery fall-out and unfortunately the patient suffered from sepsis. The patient had undergone the Laparoscopic surgery for Hysterectomy that caused injury to the right ureter at the proximity of right uterine artery. The same was repaired by a surgeon at a different establishment costing about a sum of Rs.4 lakhs. Both the Clinical Establishment and the surgeon would reveal the suffering of the patient; however, they would rely upon different literature indicating risk of such mistake. We are not competent to deal with such issue which is within the domain of West Bengal Medical Council. We refer this issue to the West Bengal Medical Council for appropriate action. Let this case be sent to the Medical Council along with the relevant medical records. The complaint is disposed of at our end.</p>
