**ORDER SHEET**

Office Note	Order No.	Date	Order
	1.	22/08/2019	<p>This is an unfortunate case, one of the experts present in the panel, would term it as “triple tragedy”, where in a later pregnancy, the mother has turned to a vegetative state. The treating doctors have done caesarean c section in such state that resulted in delivery of twin babies, one died after few weeks and the other is sufferingcerebral palsy.</p> <p>We feel it extremely difficult to decide on the complaint as it involves questioning of the various decisions of the treating doctors including two Medical Beard that would be within the domain of the West Bengal Medical Council. We refer the issue to the West Bengal Medical Council for their decision.</p>

This case is pending before us since January 2, 2018. We would be extremely glad if the Medical Council would give some priority in deciding the issue.

We grant liberty to the complainant to approach us again after the West Bengal Medical Council proceeding is over.

The complaint is disposed of at our end.
