Mr. Gourab Hazari..... Complainant

vs

**Medecho Healthcare & Diagnostic Centre and Nirnoy healthcare..... Respondent/
Respondents**

ORDER SHEET

Office Note	Order No.	Date	Order
	1.	21/01/2022	<p>A pregnant lady had to suffer emergency Cesarean resulting in delivery of a premature baby who subsequently died.</p> <p>This complaint would relate to questioning the Ultra Sound Report at the stage of 34 & 36 weeks pregnancy. The doctors present at the panel including the expert on the subject Dr. Utpalendu Das who has joined us on invitation, are of the opinion, the baby was all right as per the Ultrasound Report of 21 weeks of pregnancy. However, there was severe growth restriction of the foetus inside the womb that could not be properly found out in the subsequent examination. However ,the 34</p>

weeks pregnancy report would give some indication to the said effect. Facts would reveal, it is an admitted position the complainant did not disclose the 21 weeks pregnancy report to the concerned Sonologist at the time of examination while the pregnancy was in 34 weeks.

We do not find any scope to interfere as against the diagnostic centre.

The complaint is disposed of.
