Madam / Sir,

This is to inform you that the West Bengal Clinical Establishment Regulatory Commission has given an advisory which is as follows:

ADVISORY-10

- It has come to the notice of the Commission that unnecessary investigations made and in some cases costly investigations are repeated on a regular basis adding substantial burden on the patient party.
- Henceforth, all investigations amounting above Rs.2,000/- should be done on a prior documented intimation to the patient party.
- In case any investigation is repeated on a regular basis, the patient party must be informed accordingly with reasons therefor that should be documented.
- For the purpose of this Advisory, “documented” would include a recorded telecommunication.
- However, this mechanism would not be applicable in case of emergency and in that case the decision of the treating doctor would be final and binding.

You are requested to comply with the above advisory.
