Memo No 3036 /WBCERC/6M-09/2020 Dated 20th April, 2021

To

The Chief Executive Officer/Unit Head/ Medical Superintendent  
Clinical Establishments ( All)

Madam/Sir,

The West Bengal Clinical Establishment Regulatory Commission (WBCERC) has issued the following advisory to combat covid situation. This is for your information and necessary action.

**ADVISORY-24**

The West Bengal Clinical Establishment Commission has taken note of the grave situation due to an alarming rise in Covid cases. Clinical Establishments have taken steps to augment the bed capacity. Yet, it is far less in no to meet the demand. With the objective to provide medical treatment to all the patients, further measures to enhance the facilities for treatment are required. The following advisory is issued in this respect.

1. All clinical establishments will strive to establish satellite centre with a medical support so that non- critical /general patients may get accommodated and treated there as per the guidelines and protocol issued by the Health and Family Welfare Department. This will minimize the pressure on hospitals and augment the facilities for treatment of Covid patients.
2. The step as mentioned be taken as early as possible and a report be submitted to the Department with a copy to the office of the Commission.
