**ORDER SHEET**

Office Note	Order No.	Date	Order
	1.	06/05/2022	<p>The complaint would relate to medical negligence that would be outside our domain. The facts reveal, the patient having chronic liver disease, was detected covid positive. He was also suffering from jaundice apart from other ailments. Ultimately, the patient was transferred to another CE where he breathed his last. The death certificate would however, blame cellulites as the prime cause of death.</p> <p>The complainant would contend, when the patient was admitted he had no cellulites at least, not recorded in the admission record. Hence, the CE, where he was first admitted, should be responsible for death.</p> <p>Members present at the panel, being expert on the</p>

		<p>subject, are unanimous of the opinion, Cellulites cannot be the sole cause of death. It might have aggravated the situation. The patient had severe co-morbidities including jaundice and covid leading to death.</p> <p>The complainant would admit, that the patient had co-morbidities. She would however, bank upon the death certificate and blame the CE for the same.</p> <p>We feel, the complainant should approach the appropriate authority questioning the treatment protocol. In case she is successful she would be at liberty to apply afresh before us as against the CE.</p> <p>The complaint is disposed of.</p> <p>Sd/- The Hon'ble Chairperson</p> <p>Sd/- Prof. (Dr.) Sukumar Mukherjee – Member</p> <p>Sd/- Prof. (Dr.) Madhusudan Banerjee – Member</p>
