		<p>domain. The learned advocate assisting the complainant would however, insist, we should proceed to hear the complainant even if there is no fixation of the responsibility by the appropriate authority with regard to medical negligence.</p> <p>He wants to rely upon further documents to substantiate his grievance as against the CE. We permit him to do so.</p> <p>We feel, interest of justice would be sub-served, if the complainant would approach us afresh after he becomes successful before the appropriate authority on the medical negligence.</p> <p>In case he would desire to proceed as against the CE independent of the medical negligence he would also be at liberty to do so by making a clear declaration that he would be proceeding against the CE without touching upon the treatment protocol.</p> <p>The complaint is disposed of accordingly.</p>
